WELCOME TO BREEZEWOOD by David Sturm

You wake up in the right place ... but at the wrong time.

This is the essence of *WELCOME TO BREEZEWOOD*, an original novel by David Sturm. Elegantly written, Sturm has penned a complex tale of time travel and speculative fiction that weaves fiction and reality, set largely during one of our nation's darkest periods.

Harold Worthington awakes to find reality unfolding as he fights alongside abolitionist Harriet Tubman, jazz musician Robert Parker, and others in an epic battle to rescue the enslaved from their oppressors.

As time jumps, the scenery changes, but the struggle wages on.

How will it all end?
